

Creating Safe & Productive Workplaces

Pure Water

Healthy employees

Forbes Pro Water Solutions Part of Eureka Forbes, helps organisations and industries improve their productivity through state-of-the-art water purification systems and prompt after sales service and hygiene audits.

Market leaders of India's largest selling water purifiers, our commitment to customers is backed by a nationwide sales and service network. Our in-depth knowledge, technical expertise and state-of-the-art R&D facilities enable us to offer you cutting edge POE and POU water purification systems/water treatment plants and Waste Water Treatment Plants.

Among our Water Purification Systems are institutional UV based Aquaguards, cooler/storage cooler-cum-purifiers, multistage purifiers, reverse osmosis plants and compact sewage treatment plants.

Whatever business you are in, we have a range of solutions and services for a healthier, more hygienic, safe and more productive work environment.
